

Hotel description!

Feel the force of the mountains

Our family run hotel with 30 beds and our guest house located 5 km north of Schruns at the Bartholom Mountain.

On 1.080 meters above sea level we are in the middle of the Montafon Ski region surrounded by 40 km of snowshoeing and winter hiking paths with a beautiful view of the whole region.

During the summer the hiking paths lead you directly from the hotel into an untouched nature. In our second establishment, the alpine inn Rellseck, we host mountain breakfasts in the great outdoors, which is a real experience.

By car one can reach the main village of Schruns, with the possibility for shopping, in 8 to 10 min. where one will also find the valley station of the cable car (during summer there are cheap cable car passes for the whole region available).

The comfortable rooms are all equipped with en suit bathroom, hair dryer, telephone, satellite TV, radio and some have a balcony.

Relaxation can be found in our wellness corner,

romantic sauna with steam bath, massage chair and tanning booth.

We are glad to spoil you with traditional Montafon kitchen and typically Austrian dishes in our comfortable a la carte restaurant or on our terrace with a stunning view.

The halve board covers: a rich breakfast buffet, a four course dinner menu, Sunday epicure menu, the use of sauna and steam bath and several benefits for the active park Montafon.

A bathrobe can be rented for 5 € for the duration of your stay.

We would be glad to welcome you to the Berger Hof.

Possibly till soon

Yours sincerely
